

Students at the Center: Reaching High Standards

Celebrating Innovative, Powerful Learning in Our Schools

Friday, April 13, 2012

Middle School of the Kennebunks, Kennebunk, Maine

Join us on April 13, 2012 to celebrate innovative and powerful learning in our K-12 schools!

Sessions, led by students and their teachers, will highlight units and projects (classroom, school, or community-based) engaging all learners in work that stimulates them intellectually and challenges them to think critically and creatively.

Attending educators are encouraged to bring students and parents to the celebration.

The sharing of ideas and spirited conversations will invigorate and give participants multiple ideas to take home.

These ideas will be invaluable to forward thinking schools that are moving toward customized proficiency-based learning for all of their students.

Mark your calendars and plan to be a part of this unique and inspiring day!

Registration Information

Registration form is on the back of this flier.

Registration Fees

Adult presenter (1 per session): Complimentary Registration
Adults: \$ 50.00 if MAMLE member, \$60 for non-members
(includes lunch)

Parents are included as MAMLE members if school has institutional membership.

K-12 Students presenters (maximum 2): Complimentary Registration

MIDDLE LEVEL EDUCATION

Criteria for Presentations

*Student-centered,
performance-based projects
that...*

1. Engage students in innovative, creative ways
2. Focus on specific learning outcomes
3. Incorporate student voice
4. Provide multiple ways for students to demonstrate learning

Sessions will be 40 minutes long with time for Q/A. Students will be the primary presenters. Their teachers will be present for support and to participate in the question and answer portion of the session.
